## Water System Improvements

### *New 5 mgd water treatment facility*

The Town of Guilderland hired U.W. Marx as general contractor for its new 5 million gallon-per-day water treatment facility.

New construction included a 10,000 s/f building adjacent to the existing plant, as well as a new 1 million gallon-per-day pre-stressed concrete water storage tank.

Upgrades and improvements included complete renovations of the offices, control room, electrical room, chemical feed areas, generator room, laboratory and rest rooms.

#### **PROJECT HIGHLIGHTS**

- U.W. Marx: General Contractor/Constructor
- New 5 mgd water treatment plant
- New 1 mgd water storage tank
- Renovations to control room, electrical room, generator room, laboratory and offices
