van den Berg Learning Center

Renovation project - Phases I & II

This multi-phased project successfully rehabilitated the entire historic van den Berg building to accommodate the School of Business and the Nursing Program.

Phase I's scope of work included interior demolition, upgrades to the M/E/P and fire alarm systems, new interior partitions and finishes, and a new elevator. Phase II completed the renovation, doubling the amount of classroom and lab space for the School of Business and includes several state-of-the-art classrooms wired with the latest educational technology, including 17 "smart" classrooms.

PROJECT HIGHLIGHTS

- Conversion of historic building to house School of Business and School of Nursing
- 17 new 'smart' classrooms, including classrooms equipped with distance learning technology
