Natural Science Center

New academic sciences building

The new **Natural Science Center** at **The College of St. Rose** in Albany, NY was constructed in partnership with the architectural firm of Einhorn, Yaffee and Prescott Architecture & Engineering, PC.

The 27,000 s/f academic building was designed to provide practical research experiences for students pursuing advanced research in fields such as Biology/Cytotechnology, Chemistry and Medical Technology, as well as those entering the Pre-Med and Pre-Vet programs.

Features include a special laboratory designed to facilitate collaborative student/faculty research, both traditional and computerized classrooms, and networked research labs and faculty offices.

PROJECT HIGHLIGHTS

- U.W. Marx - Construction Manager
- 3-story, 27,000 s/f new construction
