

## Clarkson University

Potsdam, NY

### *QUAD Expansion & Renovation Project*

U.W. Marx has completed an aggressively-scheduled 'summer-slammer' project at Clarkson that added an additional floor to each of 'The Quad' residence halls - Cubley, Reynolds, Ross & Brooks.

In addition to the new fourth floor, the project scope of work included asbestos abatement and major renovations to the four buildings' mechanical, electrical and plumbing systems.

This major project, involving more than 30,000 s/f of new construction and 95,000 s/f of renovation work was delivered by the U.W. Marx team in only **13 weeks**.

The fast-tracked project required elements of Design-Build construction to meet the Owner's required completion date of August 15, 2009. Working closely with architectural firm **Perkins+Will** of Boston, MA the Marx team completed all construction operations in time to allow students into the residence halls prior to the start of the 2009 fall semester.

U.W. Marx Role: **Construction Manager**

Construction Cost: **Confidential**

Completion: **August 2009**
