

Saugerties Central School District

Saugerties, NY

District-wide Capital Improvements

This **\$27.5 million construction manager as agent project** called for extensive upgrades and repairs at the Hudson Valley school district's five school buildings and administration building.

At the Jr.-Sr. High School, the scope of work included extensive site work, with the addition of a new running track and parking areas.

The rehabilitation work on the Jr.-Sr. High building included asbestos abatement, addition of a new elevator, replacement of windows and exterior doors, new gymnasium floor, new lockers, new roof, rehab of the mechanical, electrical and plumbing systems, and rehabilitation and updating of science classrooms.

New construction at the school included the addition of a new media center. Improvements were also made to improve handicapped access to the district's facilities.

U.W. Marx Role: **Construction Manager**

Project Value: **\$27.5 million**

Completion: **September 2008**
