

Gideon Putnam Hotel & Conference Center

Saratoga Springs, NY

- ***Conference Center Addition***
- ***Hotel Renovation & Restoration***

U.W. Marx performed two unique construction projects on the grounds of the landmark **Gideon Putnam Hotel**, located in the heart of historic **Saratoga Spa State Park** in Saratoga Springs, NY.

In 1981, Marx constructed a major addition to the **Gideon Putnam Convention Center**. The new facility allowed the Conference Center to host larger groups for weddings, conferences and employee retreats.

As a direct result of the high level of craftsmanship displayed on the project, U.W. Marx was invited back in 1990 by owner T.W. Recreational Services to construct a major restoration & renovation at the **Gideon Putnam Hotel**.

The Gideon Putnam Hotel renovation and restoration project featured enhancements to the lobby and dining facilities, as well as extensive upgrades to the historic structure's mechanical systems.

U.W. Marx Role: **General Contractor**
